

Customer Service Oriented

Liberty Middle School recognizes the importance of strong parental involvement and its impact on the educational success of the student. We are committed to creating an environment that focuses on and supports communication between the school and home. Our staff will communicate with parents via phone calls, emails, conferences, newsletters, informational flyers, and the school's website to ensure all parents are informed of any and all school activities.

Liberty Middle School's Parental Involvement Plan

Mission Statement:

Liberty Middle School is established as “A Place Where All Students Will Be College and Career Ready.” To ensure that learning occurs, parental involvement is essential. Parental involvement supports student achievement and encourages continued involvement in activities that take place both inside and outside of the school.

Involvement of Parents:

Liberty Middle School is committed to involving parents in all aspects of Title I programs that occur both inside and outside of school. The School Advisory Council comprises faculty, staff, parents, & community members. The primary responsibility of SAC is to develop, review, implement, and evaluate school-based plans such as the School Improvement Plan and the Parental Involvement Plan. During these meetings, parents are welcome and encouraged to voice their ideas and opinions regarding the plans.

Programs to ensure parent involvement:

During the course of the school year, there will be many opportunities for parent involvement. We will be having a Cambridge Night, FSA, and Literacy Night. Our fine arts programs have many performances throughout the year, which gives parents the opportunity to listen to and view their children's hard work. We also have flexible meeting times for parents to meet with teachers, as well as having translators available.
